## **1.0 Background**

- 1.1 Team selection is a vital process in the development and smooth running of the Club, with the aim being that selection decisions are vindicated in successful Club performances on the greens.
- 1.2 Responsibility for the selection process falls to Club members who devote a great deal of their time on a voluntary basis to the sport for the benefit of Club members.
- 1.3 The selection process needs to be fair, informed and unbiased. Selection will be based on clear criteria that are communicated to all players prior to the season commencing.
- 1.4 Whilst the aim of the Selection Committee is to be objective in their appraisal of players, an element of subjectivity will always be present in the selection process. *At times the opinion of the Selection Committee may differ from that of an individual player.* Player unavailability due to illness, holidays, etc, is one such element that requires selectors to manage changes in teams and rinks. *Players may sometimes find themselves moved due to the need to balance teams around availability.*

## **2.0 Purpose**

- 2.1 To provide a transparent selection process, establish the basis of selection decisions and to explain bowlers' rights in relation to such decisions.

## **3.0 Objective**

- 3.1 To ensure that competitive and compatible teams are selected to represent Buninyong Bowling Club in all pennant competitions and divisions (See Section 7.0)

## **4.0 Principles**

- 4.1 The following guiding principles apply to this selection policy:
  - All members / players are to be informed of the Selection Policy.
  - Club membership does not entitle a member to automatic or regular pennant selection.
  - The selection process will be transparent at all times, and all aspects of the selection policy will be impartial and consistent.
  - Each player will be treated equally and without bias or discrimination.
  - Players will be selected on ability and compatibility to play in the highest division that they are capable of playing - dependent upon the availability of positions and team / Club requirements - within the guidelines of this policy.
  - It is recognised that there is a level of subjectivity required by the Selection Committee and as such, the expectations of both the Club and individuals will not always be achievable.
  - Management of expectation is a critical element of the selection process, and it is the responsibility of the Selectors to communicate to players the reasons for decisions and to provide players with constructive feedback if and when requested.

## **5.0 Selection Committees**

- 5.1 There will be a separate selection committee for Saturday and Tuesday Pennant.
- 5.2 Selectors are elected by Club members at the Club's Annual General Meeting, unless there are insufficient nominations, in which case, the Board will appoint members to fill the remaining positions.
- 5.3 The Board will appoint a Chairperson of each Selection Committee.
- 5.4 Both Selection Committees will consist of a minimum of 3 and a maximum of 5 members, with membership of each committee aiming to reflect a balance of gender and experience.
- 5.5 Selectors will treat their own selection in the same way that they would treat the selection of any other member. If there is to be discussion around the selection of one of the selectors, it is expected that the selector in question will absent themselves from the discussion.

## **6.0 Role of Selectors**

- 6.1 For a detailed description of the selector's role, please see the Roles and Responsibilities document on the Club's website (and Appendix A of this policy).
- 6.2 Selectors are responsible for all selection decisions. These decisions must be based on the Club's goals (see Section 7.0) and the selection criteria (see Section 8.0) in an impartial and non-discriminatory manner.
- 6.3 Selectors will make every effort to communicate with players involved in substantial changes such as promotion or relegation before the publication of results. However, players affected by positional changes within a division will generally not be notified of these changes
- 6.4 Selectors will appoint a Team Manager for each division and ensure that they are aware of their responsibilities.
- 6.5 Selectors will ensure that an accredited umpire or measurer or competent person is appointed for each home game as required.

## **7.0 Club Bowling Goals / Pennant Selection Goals**

- 7.1 The goals of the Club are to strive to:
  - provide opportunities for Club members to participate in pennant competition at a level that is applicable to their ability and development
  - achieve excellence in lawn bowls, and
  - be the most successful Club in the Ballarat Highlands Bowls Region (BHBR)
- 7.2 The respective pennant selection committees are to assist the Club to achieve these goals when selecting their teams.
- 7.3 Specific Club goals:
  - The major goal of the Club is to achieve success in all pennant competitions, ideally by winning premierships in the divisions we participate in.
  - The minimum goal of the Club is to maintain the current standing of pennant teams in their respective divisions.

- Goals related to specific divisions in a year will be determined by the Board in consultation with selectors and members.

## **8.0 Selection Criteria**

As a general guideline, the best players will be selected on ability for each team, with the following factors taken into account when selecting teams:

### **8.1 Membership**

To be eligible for selection, players must be full financial members of the Buninyong Bowling Club.

### **8.2 Performance**

Ability, competitiveness, teamwork, and current form in the pennant competition the player is currently participating in.

### **8.3 Feedback**

Based on observation by selectors, information gathered from skippers and other experienced bowlers in the rink, and analysis of information gathered from available data.

### **8.4 Team balance and compatibility**

Player interaction with other team members is an important factor in selection, however it needs to be recognised that rinks and divisions need to be balanced to provide the best possible chance of success for the Club. Selectors are trying to choose compatible players for a team event, to find the best possible combination to provide the best possible outcome (this could mean that some selection changes may appear at the individual level, to be unwarranted). Players' individual preference for who they may wish to play or not play with, or a particular position they may wish to play in, will not necessarily be a factor in selection.

### **8.5 Experience**

Experience in playing in a particular position or role may be a factor for a particular selection decision.

### **8.6 Availability**

The ideal situation would be for all players to be available for every pennant game, however in reality, players will be unavailable due to illness, holidays, and other commitments. If a player is unavailable to play, they will not automatically be selected back in the position that they were playing in previously. Selectors will make their decision based on the needs of the team and the form of the player who came into the team. Players are requested to list any unavailability dates on the Club noticeboard as early as possible.

### **8.7 Commitment / Practice Attendance**

Players are encouraged to show commitment towards the goals of the Buninyong Bowling Club's pennant success (see above), including a commitment to regular training and practice sessions. At least one practice session per week is recommended. If a player cannot attend practice at all during the week, they are required to advise one of the selectors. It is expected that players playing in the highest divisions should practise at least three times per fortnight.

## 8.8 Attitude

This includes players' attitudes towards the Club, fellow players and members of the Club. This will focus on the effort at training and match days, attendance, and their contribution to team spirit / performance. This also includes abiding by our Club's Code of Conduct on and off the field, including exhibiting good sportsmanship.

## 8.9 Fitness

Players should maintain an appropriate level of fitness to the level of bowls that they are playing. Players may be precluded from selection if there is a concern about their fitness or their ability to compete safely, or if their participation poses a risk to others.

## 9.0 Selection Process

9.1 Selection committees will meet at an agreed time, at least weekly during the pennant season, and as often as is necessary prior to the season commencing.

9.2 Players will be informed of the dates, location, and criteria for team selection. (i.e., this policy will be distributed to all members and will be addressed a number of times during the season).

9.3 In 2023-24, team selections will be completed on Wednesdays for Saturday pennant, and Fridays for Tuesday pennant (see Appendix B).

9.4 Teams will be posted on the Club noticeboard following selection and will also be available on Bowlslink. Teams will also be emailed to members and will be posted in the Ballarat Courier.

9.5 Members who wish to discuss their own selection have two options.

### 9.5.1 Meet with a Player Advocate (if available):

The player can discuss their issue with a Player Advocate who will recommend a process to achieve a successful outcome. Player Advocates (see Appendix C for position description) are responsible for facilitating communication between individuals and selection committees on matters pertaining to performance and selection. Possible outcomes include:

- resolution of the issue without involvement of the relevant selection committee
- the player and the Player Advocate meeting with the Chair of the relevant selection committee or the full committee to resolve the issue.

The issue may be resolved in the short term or may require a longer period of time. *A player who uses this option cannot appeal to the Board (see Section 9.7) without first meeting with the relevant selection committee to resolve the issue.*

### 9.5.2 Meet with the relevant selection committee:

The player can meet directly with the relevant selection committee. To do this, the player must contact the Chair of the relevant selection panel and make an appointment to raise this personally with the full selection panel. Appointment times are to be confirmed by the

relevant selection committees (see Appendix B). Both players and selectors are required to respect this policy.

- 9.6 *Players are not to raise selection issues with individual selectors at any time other than those stipulated in Appendix B. Any player who does not follow this directive will be referred to the Board and the Player Infringement process may be enacted (see Section 12.0 below).* Selectors will also refrain from instigating informal discussions with players regarding their selection unless there has been a selection committee direction to do so.
- 9.7 If a player believes he/she has not been treated in accordance with the selection policy and their concerns have not been resolved by a discussion with the relevant selection committee, a formal appeal in writing may be made to the Board. Any decision of the Board will remain final.
- 9.8 The only grounds of appeal against a selection decision will be where the player can provide evidence that the decision of the selectors is not in accordance with the stated selection criteria, or the selection is based on information that is factually incorrect, or the selection was influenced by bias and the decision is grossly unfair or unreasonable.
- 9.9 Selection criteria will be reiterated during the season so that players are clear about how teams competing in the finals will be chosen.
- 9.10 The members of the current Saturday and Tuesday Selection Committees are listed in Appendix B.

## **10.0 Performance data**

Selectors will gather appropriate data to aid selection through the following sources:

### **10.1 Observation**

Selectors can observe player performance:

- in pennant games - selectors have the opportunity of playing with and observing the performance of bowlers in the division they themselves are selected to play in.
- during practice and coaching sessions at the Club.

Whilst players are always encouraged to improve their bowling by participating in Club events, Club tournaments or BHBR events, it must be noted that selection for Buninyong BC pennant teams will be based upon performance in that particular pennant competition.

### **10.2 Consultation**

As part of the selection process, selection panels will consult with:

- the skippers of that division and / or
- random experienced players in each / any of those rinks.

## **11.0 Players' Roles**

Players are encouraged to:

- 11.1 Make yourself familiar with the selection criteria and clarify any concerns with the Club prior to commencement of the pennant season.

- 11.2 Strive to improve your bowling performance:
- Talk with your skipper, team-mates and team manager about your game performance and seek feedback about how to improve.
  - Seek coaching targeted at skill development, participate in team and individual practice and/or make an appointment with the Club coach to address any bowling concerns.
  - Set yourself improvement goals and work towards them. Approaching one of the Club coaches for ideas or the use of drills available on the internet is encouraged. Scoring cards for practice drills are available at the Club.
  - Attend structured coaching sessions (organised by the Club coaching panel as required).
- 11.3 Discuss your team's efforts with each other with the objective of continuous improvement and to enable feedback to selectors.
- 11.4 Regularly attend practice sessions. Club practice sessions are scheduled on Wednesday and Friday afternoons / evenings; however, the greens are open for individual or group practice throughout the week (unless greens are closed by the Greens Director).
- 11.6 Participate in competition, Club championships and team events whenever possible. These will help improve players' bowling but are not a criterion for selection.

## **12.0 Infringement Process**

- 12.1 As per the Club's Code of Conduct and Etiquette Policy, any player who chooses not to follow the guidelines as set out in this policy will have the following infringement process implemented.
- First offence: Player will be given a verbal warning from the Club President or designated Board representative.
  - Second Offence: Player will be given an official warning in writing from the Board.
  - Third offence: The player will be suspended from pennant matches for 1 week.
  - Fourth offence: The player will be notified in writing from the Board that they are no longer required as a member of the relevant team and will have their Club membership terminated.
- 12.2 The level of infringement will be decided by the Board, which may escalate the infringement to an instant 4<sup>th</sup> Offence, suspension from the Club or criminal charges.  
For example: Throwing the mat in anger may result in a first offence. Physically assaulting another player may result in an instant fourth offence.
